

TVH Equipment – Depotverantwoordelijke

The job

As a Working Depot Supervisor, you combine technical expertise with coordination. You ensure that our machines are ready for rental on time and in perfect condition while supporting the day-to-day operations of the depot.

Your responsibilities include:

- Performing maintenance, diagnostics and repairs on forklifts, aerial work platforms, telehandlers and scissor lifts.
- Planning daily activities and allocating repair work within the team.
- Monitoring the progress of repairs and ensuring the schedule is respected.
- Ordering spare parts and ensuring they are available on time.
- Supporting a team of five machine inspectors/technicians and acting as their first point of contact on the workshop floor.
- Keeping the depot organised, safe and efficient.
- Combining approximately two-thirds technical work with one-third planning, administration and coordination.
- Working closely with the Depot Manager and actively contributing to the efficient operation of the depot.

Your profile

- You have a technical education or equivalent experience.
- You have experience in the machine rental industry, material handling, construction equipment or agricultural machinery.
- You understand how a rental business operates and feel at home in a technical environment.
- You are well organised and enjoy planning and administrative follow-up.
- You communicate easily with colleagues and know how to motivate and guide people in a positive way.
- You are hands-on, take initiative and keep an overview, even during busy periods.
- You have strong communication skills and a solution-oriented mindset.

What's in it for you?

- Permanent employment contract
- 15 paid ADV (reduction of working time) days
- Flexible working hours (start between 7:30 a.m. and 9:30 a.m.)
- Plenty of training and career development opportunities
- Hospitalisation insurance
- Group insurance

- Meal vouchers worth €10 per working day
- Company car
- Bicycle leasing option
- Flexible time system up to 16 hours
- CLA 90 bonus (collective performance bonus)
